Challenge – Your Product Manufacturing Partner for Nuts, Bolts, Screws and Washers

Quality has always been a top priority for **Challenge**, reflected both in the product range of our stock, and in the service we provide. **Challenge** gained the ISO9001 award for quality in 1997, and the company is a member of the Engineering Industries Association. The **Challenge** service enables us to supply systems such as **VENDOR MANAGED INVENTORY (VMI), KANBAN, JIT AND LINEFEEDS**.

We also offer a specialised manufacture, sub-assembly and packing service, allowing customers products to be supplied in the most efficient format. Combined with the availability of our own UK delivery fleet, the service that **Challenge** offer small to medium sized manufacturers cannot be surpassed.
